

## Standard and Secure Corrections Mattresses

- Not your standard, **standard mattress** cover material is durable, comfortable, fluid-resistant and resists cracking
- **Secure mattress** fabric addresses high risk applications
- RF welded seams for unparalleled seam strength for 100% sealed seams
- Fluid-resistant breathable vent protect the interior padding by locking out fluids, bed bugs, and other contaminants
- 4" Fiber mattress padding passes stringent fire testing

## Segregation Mattress

- The toughest sealed seam (RF welded) mattress on the market
- Cover made of heavy weight polyurethane coated ballistic rip-stop material, providing our greatest seam strength

## Behavioral Health Mattress

- 6" foam core supports up to 250 lb.
- 100% sealed seams
- Fluid-resistant breathable vent protect the interior padding by locking out fluids, bed bugs, and other contaminants
