Command Sourcing is proud to offer a line of electronics specifically designed for corrections. Don't let the small size fool you, this radio packs a great sound and set of features. This radio (in our clear version) is extremely popular in corrections. The stereo headphones delivers great deep base, resonant lows, providing a

premium listening experience. Adjustable headband lets you experience your music in complete comfort. Combined with high density compressed foam ear cups allow for comfortable listening, long-term wear and superior passive noise isolation to block background noise while

delivering crisp sound. Request more information or a quote today.
